## PREFACE

This is the second of a two-volume demographic report prepared by the Ministry of Treasury and Economics on the new Provincial Electoral Districts which were established in 1986.

It uses data from Statistics Canada's 1981 Census and includes information on labour force, income, education and mobility.

As with Volume I, published in February 1987, readers should be aware that some statistics had to be estimated because the boundaries of electoral districts do not follow precisely those used in the Census.

Staff of the Sectoral and Regional Policy Branch of the Office of Economic Policy were assisted during the first phase of this project by summer students who made a valuable contribution to both volumes.

Enquiries about the study may be directed to Jan DePoe, Senior Policy Advisor, 4th Floor, Frost Building North, Queen's Park, Toronto, M7A 1Y7 or (416) 965-0955.
